

# Grzegorz Chojnowski

Lista publikacji  
z dnia 30 października 2010

## Publikacje w czasopismach

1. Chojnowski G., Bochtler M., 2010, ***DIBER: protein, DNA or both?***, *Acta Crystallographica D* 66: 643-653
2. Chojnowski G., Breer K., Narczyk M., Wielgus-Kutrowska B., Czapińska H., Hashimoto M., Hikishima S., Yokomatsu T., Bochtler M., Gristun A., Staroń K., Bzowska A., 2010, ***1.45Å resolution crystal structure of recombinant PNP in complex with a pM multisubstrate analogue inhibitor bearing one feature of the postulated transition state***, *Biochemical and Biophysical Research Communications* 391: 703-708
3. Chojnowski G., Bochtler M., 2007, ***The statistics of the highest E-value***, *Acta Crystallographica A* 63: 297-305
4. Bochtler M., Chojnowski G., 2007, ***The highest reflection intensity in a resolution shell***, *Acta Crystallographica A* 63: 146-155
5. Chojnowski G., Przeniosło R., Sosnowska I., Bukowski M., Natter H., Hempelmann R., Fitach A., Urban V., 2007, ***Microstructure evolution and grain growth kinetics in annealed nanocrystalline Chromium***, *Journal of Physical Chemistry C* 111: 5599-5604
