## Stipend offer nr 11/Team/2010

**Position:** PhD student in the project „Multidisciplinary development of drugs acting on selected neuronal receptors”

**Number of stipends:** 2

**Institution :** Laboratory of Drug – Receptor Interactions Medical University of Lublin

**Maximum period of stipend agreement:** 44 months

**Position starts on :** 10/2010

**Stipend's amount:** 4.500 PLN net / month

**Pension insurance:** yes

**Key responsibilities include:**

1. Running high standard research in interdisciplinary Team of chemist, bioinformaticians and biologists aimed at preclinical drug development.
2. keeping research documentation, preparing research reports and presentations, supervising students research tasks
3. PhD student 1: computational molecular modeling of ligand – receptor interactions, QSAR analysis and design of new molecules.
4. PhD student 2 running *in vitro* experimental assays for determination of drug's affinity and efficacy on target receptors.

**Profile of candidates:**

1. Master Degree (or equivalent) in chemistry, biology, pharmacy, medicine or related field.
2. Good record of University grades.
3. good interpersonal and English communication skills.
4. previous activity in science (evidenced by publications, conference presentations, foreign scholarships etc.)

**Required documents:**

1. CV
2. detailed description of previous research activity
