

## Call for applications

**Institution announcing the call:** Foundation for Polish Science - Intermediate Body  
within Priority 2 FENG

**Call name:**

**Measure: 2.1 International Research Agendas**

Priority 2: Innovation-friendly environment

European Funds for Smart Economy programme 2021-2027

**Call number:** 1/2024

### **Measure brief:**

The Measure International Research Agenda (IRAP) supports the establishment or development of specialised, world-leading research teams and organisations where scientific excellence can be achieved and international competitiveness of research.

### **Who can apply for funding:**

Applicants in the programme are research organisations. The Applicant indicates the Head researcher of the project - a person with a scientific degree, the main author of the substantive concept of the proposal and the executor of part of the tasks in the Project. The Main Contractor of the project is the leader of one of the research teams.

### **What funding can be obtained for:**

Funding can be obtained for R&D activities, including industrial research or experimental development work, carried out in cooperation with at least one foreign research unit and covering a thematic scope within the National Smart Specialisation (NSS) list.

Funding does not cover basic research.

**Budget for call for applications:** PLN 120 million

**Project funding:** up to PLN 30 million

European Funds  
for Smart Economy

Republic  
of Poland

Co-funded by the  
European Union

Foundation for  
Polish Science
