FNP WORKSHOP

New opportunities to increase funding in SG OP projects

2nd INTERDISCIPLINARY FNP CONFERENCE

20–21 NOVEMBER 2017
WARSAW
Workshop: New funding opportunities

Tomasz Poprawka
Available existing options:

- **Budget shifts** between categories
- Changes to the **disbursement plan** for subsequent advance payments
- **Modification of the substantive scope of the application**, in particular ones that are considered as necessary, i.e. their failure to introduce put the project at risk. May be combined with changes to project funding
- **Equipment funding** for grantees under Firts TEAM and IRAP programmes
**Applicant:**

- Principal investigator of the project together with the unit (research or enterprise) at which the project is carried out.
- Applicant may submit **several applications** as part of the competition and combine various project changes, provided that:
  - total project duration cannot be extended beyond **12 months** for HOMING and REINTEGRATION schemes
  - total project duration cannot be extended beyond **24 months** for all other schemes within measure 4.4 SG OP.
Deadlines:

• Rolling-basis submission is possible

• Upon the grant agreement is signed

• No later than 3 months before the project’s end date

• Grantees under state aid rules – up to June 30th, 2021.
Possible project’s modifications:

- Limited project adjustments
- Proof of concept
- Up to 12/24 months project extensions – linked to ERC submissions
- Collaborative research projects across grantees.
Limited project adjustments:

- Must involve the change of the substantive scope of the project, in particular ones that are linked to research team members.
- Does not allow for the extension of the project duration.
- Funding adjustments up to 10% of a current budget value.
- Fast-track assessment.
Proof of concept:

- Must involve changes related to the development of the project's results towards their practical verification in terms of the future commercialization

- Might involve change to the project duration – up to 12 months

- Budget adjustments (if any) along with funding guidelines

- Available to all projects across Measure 4.4 SG OP
Training: commercialisation of research results

DAYS:
- 27-28 November, 2017 - training in Polish,
- 4-5 December, 2017 - training in English,

LOCATION: FNP headquarters, Warsaw
TRAINER: Zbigniew Krzewiński, CoWinners

Project extension – up to 12 months:

- Linked with submission of proposals to the ERC competitions (or alike, i.e. HFSP) by HOMING, REINTEGRATION, First TEAM & TEAM principle investigators or to the H2020 calls for TEAM Tech leaders

- Involves change to the project duration – up to 12 months

- Might involve budget adjustments along with funding guidelines
Project extension – up to 24 months:

- Available only to PIs under First TEAM, TEAM and TEAM Tech grants.

- Eligible candidates are ERC/H2020 grantees (or alike), or those who received the so-called „Seal of excellence” status or were ranked at least with „B” score within ERC competition.

- Involves change to the project duration – up to 24 months.

- Might involve increase of the project budget.

Workshop:
How to succeed in an ERC grant application?
Collaborative research projects:

- Available to **all current FNP-funded PIs** under SG OP, inc. IRAP group leaders
- Aimed at **establishing new partnership** with at least one other FNP grantee
- Positive evaluation leads to project **duration extension** and adequate **budget increase** - ToC applies
- **Back-to-back submissions** by collaborating PIs
Funding guidelines:

- **Approx. 400 000 PLN / year** for HOMING & REINTEGRATION projects
- **Approx. 600 000 PLN / year** for First TEAM grants
- **Approx. 800 000 PLN / year** for TEAM & TEAM Tech projects within „proof of concept” or „12 months extension” modes
- **Approx. 1 000 000 PLN / year** for TEAM & TEAM Tech grants within „24 months extension” or „colaborative research project” modes
Submission of applications:

- Submission process fully streamlined via FNP’s electronic system
- Up to maximum four attachments (PDF format) to be requested:
  - a progress report with results’ implementation potential
  - description of a new research task and – if applicable – justification for project’s budget and/or duration
  - proof of ERC status as an applicant
  - description of partnership, its mutual aim and added value
  - principles of cooperation and rules of IPR division among partners

**Current project information**

- Principal information:
  - Project
  - Project location
  - Applicant
  - Indicators
  - Partners
  - Ongoing projects
  - Project budget from the application
  - Attachments
  - Application for funding the specialist equipment
  - Application for project modification

**Step 1:** log in to FNP’s database, go to your project, go to the „Principal information” and from the drop-down list select the „Application for project modification”
STEP 2: select “New application”
STEP 3: select „General data on the project”
STEP 4: click „Edit” and from the drop-down menu select an option you are interested in.
STEP 5: indicate the new duration of the project, if needed edit the data.
**STEP 6:** upload the project budget, edit the budget (define the new budget reflecting the project modification you are interested in)
**To facilitate the handling of the applications, please upload the files in .pdf format.**
