

## Marek Jaskólski

### Lista Publikacji

1. Jaskólski, M. W. (2021). Challenges and perspectives for human activity in Arctic coastal environments—a review of selected interactions and problems. *Miscellanea Geographica. Regional Studies on Development*, 25(2), 127-143.
2. Strzelecki, M. C., Jaskólski, M. W. (2020). Arctic tsunamis threaten coastal landscapes and communities—survey of Karrat Isfjord 2017 tsunami effects in Nuugaatsiaq, western Greenland. *Natural Hazards and Earth System Sciences*, 20(9), 2521-2534.
3. Jaskólski, M., Pawłowski, Ł., Strzelecki, M., Zagorski, P., Lane, T. P. (2018). Trash on Arctic beach: Coastal pollution along Calypsostranda, Bellsund, Svalbard. *Polish Polar Research*, (2).
4. Jaskólski, M. W., Pawłowski, Ł., & Strzelecki, M. C. (2018). High Arctic coasts at risk—the case study of coastal zone development and degradation associated with climate changes and multidirectional human impacts in Longyearbyen (Adventfjorden, Svalbard). *Land Degradation & Development*, 29(8), 2514-2524.
5. Jaskólski, M. W., Pawłowski, Ł., & Strzelecki, M. C. (2017). Assessment of geohazards and coastal change in abandoned Arctic town, Pyramiden, Svalbard. In: G. Rachlewicz (ed.) *Cryosphere reactions against the background of environmental changes in contrasting high-Arctic conditions in Svalbard*, 41-49. Poznań: Institute of Geoecology and Geoinformation A. Mickiewicz University in Poznań Polar Reports, 2. Bogucki Wydawnictwo Naukowe
