

## JOB OFFER

Position in the project:	<b>Postdoctoral researcher</b>
Scientific discipline:	Immunology, immunoparasitology, molecular biology or biochemistry
Job type (employment contract/stipend):	employment contract
Number of job offers:	1
Remuneration/stipend amount/month (“X0 000 PLN of full remuneration cost, i.e. expected net salary at X 000 PLN”):	10 000 PLN (including labor costs) ~6 000 PLN netto/ month
Position starts on:	April 2018
Maximum period of contract/stipend agreement:	3 years (36 months)
Institution:	Military Institute of Hygiene and Epidemiology, Warsaw, Poland
Project leader:	Katarzyna Donskow-Łysoniewska, PhD
Project title:	<i>“Innovative immunotherapy of autoimmune diseases using CD8 T cells modified by factors of parasitic origin”</i>  <b>Project is carried out within the TEAM-TECH programme of the Foundation for Polish Science</b>
Project description:	The main objective of the project is identification and characterization of CD8 Treg immune target for therapy in autoimmune diseases. This project is focused on multidisciplinary approaches to generate a high yield of functional CD8 Treg cells with using nematode- derived immunomodulators.
Key responsibilities include:	<ol style="list-style-type: none"> <li>1. Development and monitoring of the experiment protocols and patient derived material</li> <li>2. Development of methods for generating a high yield of functional immunomodulatory CD8 Tregs cells <i>ex vivo</i></li> <li>3. Investigation of the individual and combined immunomodulatory activity of nematode proteins</li> <li>4. Flow cytometry data analysis and statistical analysis of the obtained results</li> <li>5. Preparing reports, writing and publishing scientific articles</li> <li>6. Participation in conferences</li> </ol>
Profile of candidates/requirements:	<ol style="list-style-type: none"> <li>1. Strong background in immunology and molecular biology or biochemistry</li> <li>2. Prior experience with basic immunology techniques, including immune cell isolation from blood, flow cytometry, cell sorting, cell culture and performing immunoenzymatic assays</li> <li>3. Passion, creativity, flexibility and the ability to work in a team</li> <li>4. Management and organizational skills</li> <li>5. Knowledge of English</li> </ol>
Required documents:	<ol style="list-style-type: none"> <li>1. CV documenting the relevant aspects of requirements for the position</li> <li>2. Publications (pdf)</li> <li>3. A copy of PhD diploma</li> </ol>

	4. Contact details of potential referees
We offer:	<ol style="list-style-type: none"> <li>1. Work in a young and dynamic team providing opportunities for publishing of research</li> <li>2. Participation in training courses and conferences</li> <li>3. Stable employment</li> </ol>
Please submit the following documents to:	kdlysoniewska@wihe.waw.pl
Application deadline:	05.03.2018 We will contact only selected candidates.
