

Adrian Gliszczyński

Lista publikacji

z dnia 31 października 2017

Kubiak T., Kołakowski Z., Świniarski J., Urbaniak M., Gliszczyński A., 2016, **Local buckling and post-buckling of composite channel-section beams - Numerical and experimental investigations**, *Composites Part B* 91: s. 176-188.

Gliszczyński A., Kubiak T., 2017, **Load-carrying capacity of thin-walled composite beams subjected to pure bending**, *Thin-Walled Structures* 115: s. 76–85.

Gliszczyński A., Kubiak T., 2017, **Progressive failure analysis of thin-walled composite columns subjected to uniaxial compression**, *Composite Structures* 169: s. 52-61.

Gliszczyński A., Czechowski L., 2017, **Collapse of channel section composite profile subjected to bending. Part I: Numerical investigations**, *Composite Structures* 178: s. 383–394.

Jakubczak P., Gliszczyński A., Bieniaś J., Majerski K., Kubiak T., 2017, **Collapse of channel section composite profile subjected to bending Part II: Failure analysis**, *Composite Structures* 179: s. 1–20.
