

# Agata Plesnar-Bielak

## Lista publikacji

z dnia 31 października 2013

### Publikacje w czasopismach

1. Plesnar-Bielak A., Jawor A., Kramarz P., 2013, ***Complex response in size-related traits of the bulb mites (*Rhizoglyphus robini*) in elevated thermal conditions – an experimental evolution approach***, Journal of Experimental Biology 216(24): 4542-4548
2. Plesnar-Bielak A., Skrzynecka A.M., Prokop Z.M., Kolasa M., Działo M., Radwan J., 2013, ***No evidence for reproductive isolation through sexual conflict in the bulb mite *Rhizoglyphus robini****, PLoS ONE 8:e74971
3. Plesnar-Bielak A., Skrzynecka A.M., Prokop Z.M., Radwan J., 2012, ***Mating system affects population performance and extinction risk under environmental challenge***, Proceedings of the Royal Society of London B. Biological Sciences 279: 4661-4667.
4. Plesnar A., Konior M, Radwan J., 2011, ***The role of sexual selection in purging the genome of induced mutations in the bulb mite (*Rhizoglyphus robini*)***, Evolutionary Ecology Research 13(2): 209-216
