Grzegorz Miebs

Lista Publikacji

1. Cinelli, M., Kadziński, M., Miebs, G., Gonzalez, M., & Słowiński, R. (2022). Recommending multiple criteria decision analysis methods with a new taxonomy-based decision support system. European Journal of Operational Research, 302(2), 633–651. doi:10.1016/j.ejor.2022.01.011

2. Miebs, G., Mochol-Grzelak, M., Karaszewski, A., & Bachorz, R. A. (2020). Efficient strategies of static features incorporation into the recurrent neural network. Neural Processing Letters, 51(3), 2301–2316. doi:10.1007/s11063-020-10195-x

3. Miebs, G., & Kadziński, M. (2021). Heuristic algorithms for aggregation of incomplete rankings in multiple criteria group decision making. Information Sciences, 560, 107–136. doi:10.1016/j.ins.2021.01.055

4. Gehrlein, J., Miebs, G., Brunelli, M., & Kadziński, M. (2023). An active preference learning approach to aid the selection of validators in blockchain environments. Omega, 118(102869), 102869. doi:10.1016/j.omega.2023.102869

5. Miebs, G., Wójcik, M., Karaszewski, A., Mochol-Grzelak, M., Wawdysz, P., & Bachorz, R. A. (2022). Predicting a time-dependent quantity using recursive generative query network. International Journal of Neural Systems, 32(11), 2250056. doi:10.1142/S0129065722500563
