Marta Sztachera

Lista Publikacji

1. Sztachera, M., Wendlandt-Stanek, W., Serwa, R. A., Stanaszek, L., Smuszkiewicz, M., Wronka, D., & Piwecka, M. (2024). Interrogation of RNA-bound proteome with XRNAX illuminates molecular alterations in the mouse brain affected with dysmyelination. Cell Reports, 44(1), 115095. https://doi.org/10.1016/j.celrep.2024.115095

2. Sztachera, M., Wendlandt-Stanek, W., & Piwecka, M. (2025). Protocol for mouse brain tissue processing and downstream analysis of circRNA-protein interactions in vivo. STAR Protocols, 6(3), 104036. https://doi.org/10.1016/j.xpro.2025.104036

3. *Zacharjasz, J., *Sztachera, M., Smuszkiewicz, M., & Piwecka, M. (2024). Micromanaging the neuroendocrine system: A review on miR-7 and the other physiologically relevant miRNAs in the hypothalamic-pituitary axis. FEBS Letters, 598(13), 1557–1575. https://doi.org/10.1002/1873-3468.14948 *Zacharjasz J. i Sztachera M. są równorzędnymi pierwszymi autorami
